**Subject:** Re: Microsoft Settlement

There are two men, both extremely wealthy. One develops relatively cheap software and gives billions of dollars to American charity. The other sponsors terrorism against all Americans. Question: Why did the Clinton Administration Department of Justice with Janet Reno at the helm spend more money chasing down Bill Gates over the past eight years than Osama bin Laden?

Just letting you know that we're sick and tired of this persecution against success. The proposed settlement with Microsoft is outrageous at best!
